Summary

Full Stack Software Engineer with a strong attention to detail who aims to output the highest level of work. Driven by dedication, thirst for knowledge, and love of the craft. Who believes that excitement, collaboration, and creativity provide the best outlet for user products.

Experience

Waveform Entertainment | February 2022 – September 2023 | Remote

Front End Developer

Developer for Icarus, a next gen deployable remote collaborative broadcast software tool for internal use. All company broadcasts from July 2022 used this tool to power all broadcast assets.

Modular projects were deployed with Icarus. Twitch OAuth users were managed by admins to operate the broadcasts via generated invites. Bash scripts were created to ensure zero downtime on updating live projects.

- Collaborated with designers and development teams to create high-quality interactive web experiences.
- Designed and implemented core architecture and capabilities for software from prototype to operational applications.
- Evaluated new software products and technologies and recommended changes to improve existing technologies or create new ones.
- Wrote quality code in the full MERN stack that follows best practices and is maintainable.
- Wrote, organized, and distributed technical documentation.

Trilogy Education | August 2020 – February 2022 | Remote

Teaching Assistant/Tutor/Central Grader

- Coached a diverse group of coding students on core principles of cutting-edge technologies and methodologies.
- Reviewed submitted code for grading based on file structure, acceptance of criteria, and use of best practices.
- Assisted instructor with guided lessons and activities.

Additional Projects

Epic PT | <https://www.epic-pt.com/>

- Contributed to the development of the Contact and Testimonial forms for Epic Physical Therapy application.
- Implemented database storage and automated email responses tied to Contact and Testimonial forms for various clinics.
- Tech stack: React.js, Redux, AWS-SES, Material-UI, MongoDB, MongoDB Atlas, Cloudinary

Professional Skills
